Further Call for Candidate Sites – Minerals and Waste / Gypsy and Traveller Accommodation
Following the original call for candidate sites it has become apparent that there are insufficient sites being promoted for the development of minerals and waste uses and for Gypsy and Traveller accommodation.

As part of the continued preparation of the new Local Development Plan the Council reserved the right to reopen the Candidate Site Register for a six week period in an attempt to overcome any deficiency. Therefore the Council is inviting all Minerals and Waste operators, landowners, developers, agents and members of the public to propose further suitable candidate sites for potential minerals and waste uses and Gypsy and Traveller accommodation development. However the Council are not inviting candidate sites for other uses e.g. housing, industry, etc. The call is for minerals and waste uses and Gypsy and Traveller accommodation.

All submissions should be accompanied by a Candidate Site Submission Form, which is available from the Council's website, and an up to date plan of the site with the site edged with a red line and any adjacent land within the same ownership in blue. Please complete and return a submission form by 5pm on Friday 11th August 2017 to:
