Mold Green Infrastructure Project

27.10.2025

335 voters

Flintshire County Council (FCC) is focused on developing green spaces in its towns, as a way to benefit the environment and our communities.

Do you support the improvement of public spaces in Mold?

(1-100 negative to positive reaction)

79%

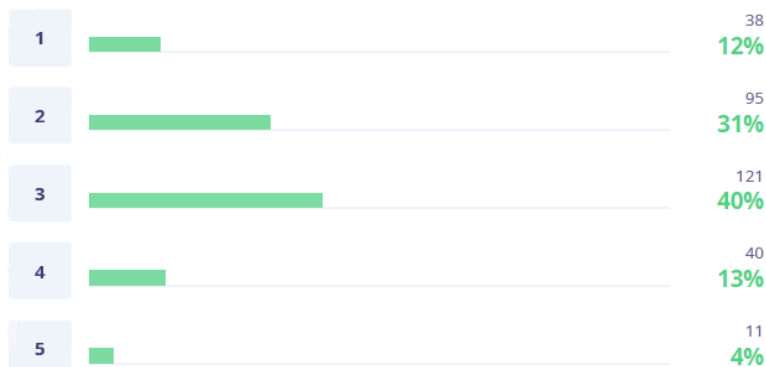

Recent studies have identified multiple locations in Mold that would benefit from green improvements such as trees, planting, methods to reduce flooding, improving air quality and visual appeal.

Using the funding awarded for 2025-2026, the Daniel Owen Precinct will be the focus for green improvements in Mold town centre. How we spend it in this location, will be shaped by you.
