

Making an Application for Compensation against Flintshire County Council

Liability Applications – Guidance Notes

It is important that you read these guidance notes before completing the claim form

When can a claim be made against the Council?

To successfully claim compensation from the Council you will need to prove that the Council has been at fault in law. There is no automatic entitlement to compensation, and just because an incident has happened it does not necessarily mean the Council can be held to blame.

Other Insurance Cover

If you have Home Contents, Buildings or Motor Insurance that would cover your loss/damage, we recommend that you make a claim on the appropriate policy first. This is because settlement will most likely be on a “new for old” basis and you will not need to prove that anyone is at fault for the loss, so it is likely that your claim will be dealt with more quickly. Your insurers may then seek to recover their costs from the Council if they feel the Council has been at fault. A successful recovery by your insurers will mean that your premiums are unlikely to be affected.

What information must YOU provide when you make an Application for Compensation?

In completing the Application please provide as much detail as possible concerning the incident. This will ensure your application can be processed as quickly and efficiently as possible. Please answer every question that is applicable.

The following information **MUST** be provided:-

- A clear summary of the facts on which the application is based including the time and date of the incident;
- **A precise indication of the location of the incident e.g. rather than High Street state o/s Number 62 High Street or include the proximity to landmarks etc.**
- An indication of the nature and extent of your injury(ies) and/or details of any property damage;
- Details of any financial loss suffered; and
- Sufficient other information to enable formal investigations to start.

WITHOUT THIS INFORMATION THE APPLICATION CANNOT BE PROCESSED

What happens once you have submitted an application?

- The Insurance Section will acknowledge receipt of your claim within 5 working days.
- Your application will then be forwarded to the relevant Claims Handlers on the same day. The Council will then investigate the allegations and forward a report to the Claims Handler.
- The Claims Handler will acknowledge their interest in the matter. They will look to confirm their position within 40 working days should your application involve a personal injury in accordance with the pre-action protocol for low value claims between £1,000 and £25,000. If your application involves no personal injury then they will look to deal with it within 90 working days.

- If the claim is for damage to your property the claims handlers will require original receipts and/or replacement estimates and confirmation of the age of the items. Please be aware that any offer of settlement will not be on a new for old basis and as such will be adjusted for wear and tear.
- If your claim is for injury, medical evidence will need to be gathered. The claims handlers will forward a form for completion to allow them to approach your GP/hospital for a report. Please be aware that the amount of time it takes to receive the report can vary widely and is something over which they have no control other than to issue regular reminders. You can of course chase the GP/hospital yourself in this instance.
- If the GP/hospital report is not sufficient to accurately assess the value of your injuries the claims handlers may have to appoint a consultant who will need to examine you to prepare a comprehensive report. This process can be lengthy and may take a number of months.

Please be advised that once the Claims Handlers have acknowledged their interest in your application all future enquiries/correspondence should be directed to them and not the Insurance Section at Flintshire County Council.

The final outcome

Once all of the evidence has been collated and assessed the claims handlers will make a decision based on the legal liability of the Council: -

- If it is concluded that there is no liability and the claims handlers are not paying your claim you will receive a letter detailing why.
- If liability is accepted the claims handlers will make an offer of compensation, in writing, which they consider will accurately reflect an appropriate level of compensation in the circumstances.

If you are unhappy with either of these outcomes you should discuss this further with the claims handlers.

Fraud

Any claim that is found to have been fraudulently intimated or exaggerated, whether during the processing of the claim or subsequently, may be passed to the Police and/or Crown Prosecution Service and may be subject to a criminal prosecution.

Data

You are advised that this Council is under a duty to protect the public funds it administers and to this end may use the information you have provided for the prevention and detection of fraud. It may also share this information with other bodies responsible for auditing or administering public funds for these purposes. Please also refer to the Privacy Notice at Section I of this document.

Application Form
