Dear Mr. Budd,

SCHOOL MODERNISATION PROGRAMME
LIXWM C.P. SCHOOL

At a recent meeting of the Council it was reported that further consultation and meetings had taken place with parents, guardians and teaching staff of Lixwm C.P. School in regard to the above programme.

I have been instructed to write and advise of a number of concerns that have been reported to members of the Council as follows:-

1. The report setting out the impact and future needs of the community was not accurate as it did not include ongoing residential development within Lixwm.
2. No bilingual information was provided and the online ongoing consultation is not available bilingually.

In light of this the Council would consider it to be appropriate to commence the start and finish of the time frame for the consultation from when the bilingual version is available. The Council would welcome confirmation of receipt of this letter and your observations to the concerns raised.

Should you require any further information please do not hesitate to contact me.

Yours sincerely,

A. Roberts
Clerk to the Council

Dear Mr. Roberts

Area School Review (Brynford, Lixwm and Rhosesmor)

I refer to your letter dated 24th July 2016 regarding the area school review of Brynford, Lixwm and Rhosesmor.

The Community Impact Assessment does have regard to local housing development's. However, the plans only take into account housing developments which have full Planning approval. At May 2016, the Planning Directorate advised that there were no approved applications for housing developments with the village of Lixwm.

All documents have now been translated and are available to view/download online www.flintshire.gov.uk/schoolmodernisation from 29th July 2016. Hard copies of the documents are available by emailing the School Modernisation Team at 21stcenturyschools@flintshire.gov.uk or telephoning 01352 704134.

With agreement with the schools, the Informal Consultation has been extended to the 19th August 2016.

It is pleasing to note that the Council has already received a large number of responses and feedback from stakeholders within the areas.
