# Equality Impact Assessment

## Summary

### 1. Name of Proposal/policy:

Flintshire County Council wishes to seek the views of interested parties regarding the proposal to close Ysgol Gymraeg Mornant, Picton of 31st of August 2016 with existing pupils transferring to other schools in the local area, subject to parental preference.

The process follows regulatory guidance as set out in the Welsh Government's School Organisation Code 2013.

The formal consultation period commenced on Wednesday 11<sup>th</sup> November 2015 and ended on Wednesday 23<sup>rd</sup> December 2015.

The proposal is to close Ysgol Gymraeg Mornant, Picton (Welsh Medium, Community School) as of 31<sup>st</sup> August 2016, with the pupils transferring to the local network of schools based on parental preference.

### 2. Directorate/Section:

### 3. Lead Officer:

Ian Budd, Chief Officer - Education and Youth.

### 4. Main Aims/purposes/outcomes of the policy:

The proposal is put forward, as the school meets a number of triggers contained in the Council's School Modernisation Strategy, namely:-

- Unfilled places across the primary school portfolio – Ysgol Gymraeg Mornant, Picton, as at January 2015 (PLASC) had 48 full time pupils with unfilled places at 57%. As at September 2015 the school is 43 full time pupils, with unfilled places at 61.26% (based on the current school capacity assessment of 111 full time pupils);
- Diminishing resource criteria (small numbers within the community raise concern regarding sustainability within the school's portfolio);
- Small School – The school population of Ysgol Gymraeg Mornant, Picton is lower than national designation of a small school, additionally school numbers do not meet the minimum requirements of primary school models as noted in the Council's School Modernisation Strategy.
- Ysgol Gymraeg Mornant, Picton is currently (July 2015) in Welsh Government categorisation 4 (out of 1-4) with 4 being the lowest for standards. Welsh Government review their categorisation annually, at the time of writing this document, the categorisation Of Ysgol Gymraeg Mornant, Picton had not been reviewed by Welsh Government.

## Equality Impact Assessment

The aim of an equality impact assessment (EIA) is to ensure that policies help to promote equality and Welsh language (a separate detailed Welsh language impact assessment has already been completed). The EIA contributes to effective policy making by providing an opportunity to minimise risk and maximise the benefits of a policy, therefore ensuring we have the best possible policy in place. It also helps us to meet our requirements under the general equality duties of the Equality Act 2010 and Welsh Language Act 1993. **Throughout this document we use the word 'policy' to refer to what we are assessing. In this context, the term includes the different things that we do, including strategies, functions, procedures, practices, decisions, initiatives and projects.**

All EIAs should consider the potential impact of policies in respect of all areas of equality and Welsh language including human rights and socio economic issues. When carrying out an assessment you should consider negative and positive consequences of your proposals. Our approach to EIAs will help us to strengthen our work to promote equality and Welsh language. It will also help to identify and address any potential discriminatory effects before introducing a policy and reduce the risk of potential legal challenges. When carrying out an EIA you should consider both the negative and positive consequences of your proposals

If a project is designed for a specific group, you also need to think about what potential effects it could have on other areas of equality. Further advice, guidance and training is available and should be used when conducting EIAs.

The detailed Welsh Language Impact Assessment can be found in the main consultation document can be viewed at the following link [www.flintshire.gov.uk/schoolmodernisation](http://www.flintshire.gov.uk/schoolmodernisation).

## 2 Assessment of impact and strengthening policy

This section asks you to assess the impact of the policy on each of the protected groups and the Welsh language. **Using the information available, identify the effects on this policy on the following groups**

Please indicate impact

<sup>1</sup> What measures does the policy include to help promote equality and Welsh language, eliminate discrimination and promote good relations?

			<p>Feedback from consultees and also the Corporate EIA group raised concerns about the impact on young children travelling further to school and impact on Welsh medium schools.</p> <p>Should the proposal be implemented attainment levels at key stages at each of the alternative schools demonstrate that there will be a positive impact and will promote equality by enabling children to access high quality of teaching and improved outcomes.</p> <p><u>Staff &amp; Governors</u></p> <p>There are 11 members of school staff at Ysgol Gymraeg Mornant and their age ranges from 25-74.</p> <p>There is no available information on this protected characteristic for the school Governors, but there is a minimum age of 18 years.</p> <p><u>Parents/Carers</u></p> <p>There is no available information on this protected characteristic for parents/carers.</p> <p>Some parents/carers/grandparents may not have access to their own transport which may affect their ability to pick/up drop off outside of the transport services, this may have an impact on attendance at events.</p>	<p>Holywell (Welsh medium) and Ysgol Y Llys, Prestatyn.</p> <p>Both Ysgol Gwenffrwd and Ysgol Y Llys offer pre-school provision on their sites through the medium of Welsh.</p> <p>Should the proposal be implemented, the Council will work and support the Governors and current members of staff at Ysgol Gymraeg Mornant including teaching and support staff, should the staff wish to seek redeployment opportunities.</p> <p>Staff displaced by the proposal may have the opportunity to be employed in the local primary network, or explore retirement options. <b>Disability</b>	Y	Y/N	Y	<p><u>Pupils</u></p> <p>The PLASC January 2015 confirms that there are fewer than 10 pupils at Ysgol Gymraeg Mornant, Picton who have a Statement of Special Needs.</p> <p>Additionally, there are 12 pupils who do not have a statement of special education but currently receive some support for Additional Learning Needs (ALN).</p> <p>* This data set has been set at fewer than 10 as this may lead to identification of individual pupils due to low numbers within the related cohort.</p> <p><u>Staff &amp; Governors</u></p> <p>Workforce statistics indicates the following breakdown of staff who have declared that they have a disability.</p> <p>No = 81.62%</p> <p>Not stated = 18.18%</p> <p>There is no available information on this protected characteristic for the school Governors.</p> <p>From the census, staffing and Governors information there are no known issues relating to physical mobility issues.</p>	<p>The Council's Inclusion Service has a number of specialist interrelated services which support children and young people with a range of additional learning needs. These include the following: Education Psychology Service, Young Persons, Counselling Service, Sensory Service, English as an Additional Language / Gypsy Traveller Service, Additional Learning Needs Service, Speech, Language &amp; Communication Service, Education Welfare Service, Behaviour Support Service, Education Otherwise Than At School and Autistic Spectrum Condition Service.</p> <p>They ensure the Council discharges its duty in line with the SEN Code of Practice for Wales (2002) and are committed to developing policies and practices that ensure equality of educational opportunity and access, along with the safeguarding of vulnerable pupils. There is also a clear focus on raising the achievement of all learners and increasing participation in their schools and local communities.</p> <p>Support through the Council's Inclusion Service is available to children and young people within all of its educational setting, i.e. Primary and Secondary Schools, Specialist Schools and the Portfolio of Pupil Referral Units.</p>	<p>Pupils across the different age ranges will be offered alternative Primary School provision and transition support. The alternative provision has been identified as Ysgol Gwenffrwd, Holywell (welsh medium) and Ysgol Y Lllys, Prestatyn (welsh medium)</p> <p>The Council will take all practicable steps to minimise disruption to all pupils with specific consideration given to pupils with additional learning needs.</p> <p>Any pupils with ALN currently receiving additional support would be replicated in their new learning environment.</p> <p>Reference to the accessibility issues for Ysgol Gwenffrwd have already been documented and</p>

<sup>2</sup> What measures does the policy include to help promote equality and Welsh language, eliminate discrimination and promote good relations?

			<p><u>Parents/Carers</u></p> <p>There is no available information on this protected characteristic for parents/carers.</p> <p>Consultees and the Corporate EIA group raised concerns about accessibility issues at Ysgol Gwenffrwd – evidenced by access surveys and feedback about the site. Disabled Employees/Parents/Carers – will have difficulty accessing Ysgol Gwenffrwd.</p> <p>School Governors have made temporary measures to support existing disabled parents access Ysgol Gwenffrwd.</p> <p>This will potentially have a negative impact on disabled pupils, parents, carers and teachers. Unless they transfer to Ysgol Y Llys, Prestatyn which is this fully accessible and has been modernised.</p>	<p>Denbighshire County Council Inclusion Services also provide similar services for pupils with Additional learning needs.</p> <p>The Council is aware of the duties placed on it by the Equality Act 2010 and works within the confines of the Act to secure accessible school buildings for its pupils, parents and carers, staff and governors. Pupils falling within the medical definition of “disability” will have a wide range of needs and requirement, transition policies are in place for pupils who require adaptations. Inclusion Service work with pupils to find suitable adapted school. A budget is available to adapt schools for pupils to access the curriculum. However, adaptations to buildings needs to be proportionate and reasonable as budget serves all of Flintshire and has to meet needs of all pupils with a disability. It is recognised that Ysgol Gwenffrwd is not fully accessible. Any pupil with a disability is assessed on an individual basis and relevant modifications, adaptation or reasonable adjustments are made were applicable on the case by case basis.</p> <p>Reasonable adaptations will need to be made if any employees are redeployed to Ysgol Gwenffrwd and Department of Work and Pension’s Access to Work scheme will need to be involved. The design of the school means that it will be unaffordable to make the school fully accessible. Adaptations needed will be considered on a case by case basis.</p>	<p>recognised in the consultation report.</p>

The School Uniform Exchange aims to encourage the people of Flintshire to recycle and donate unwanted or unused school uniform items rather than putting them in the bin. All donated school uniform is available for sale in Nightingale House.
