657			The schools are full, there is too much air pollution from traffic through the village already, and no residents will benefit from yet more housing. We do not want to lose more green space. We know that Isle of Man millionaire developers are trying to cash in here. They have no interest in our community and its future.	I am happy to share this information with you for this petition	Submitted	17/03/2021 20:19	17/03/2021 20:19	17/03/2021 20:19

655			It's important to keep this open space in the village, which dies not have nearly enough proper parks. Each time development is proposed very little land is set aside for more public leisure and exercise space. There is very little wheelchair accessibe space in the village and the proposed development doesn't include any. The village has massively increased in size in the last twenty years and I don't think it should grow any more for a while. I don't think even the new school building for Ysgol Penyffordd can accommodate more growth through housing, and the propsed housing isn't the smaller houses for retired people, young people, single people, or rented council housing that we need in the village. There are already a huge number of three, four, and five bedrooms homes in the village.	I am happy to share this information with you for this petition	Submitted	04/03/2021 21:52	04/03/2021 21:52	04/03/2021 21:52

645			Our children one of which has LD uses this field For recreation regularly. It's an important part of our families Exercise. It's a shared place in our community.	I am happy to share this information with you for this petition	Submitted	26/02/2021 13:06	26/02/2021 13:06	26/02/2021 13:06

644	[redacted]	Penyffordd is in danger of becoming a small town . In recent years planning permission has been granted by individuals who are unfamiliar with our village and readily it seems ignore the views of its residents ,or the fact that the absence of the necessary infrastructure such as schools, medical care, shops, sewerage etc ,seems to matter little to planners. Covid has highlited the benefits of accessing green spaces , as well as its health benefits both physical and mental. These needs far outweighs those of developers who will be churning up our countryside against the wishes of penyfford residents. Please look elsewhere and support the application to re-designate the land oulined as green barrier land.	I am happy to share this information with you for this petition	Submitted	26/02/2021 11:02	26/02/2021 11:02	26/02/2021 11:02

638	[redacted]	I've seen the joy this field brings to the community all year round however especially in the winter when covered with snow. The field is a community asset for the young, old and a safe area for play and those taking their dogs for a walk, there's the added bonus that dogs can be taken off their leads within a secure area from the road. The field has been a God send during lockdown for the health and well-being of people. Losing this field to further development will be a massive blow to the village and the local wildlife.	I am happy to share this information with you for this petition	Submitted	25/02/2021 20:40	25/02/2021 20:40	25/02/2021 20:40

613		The flooding at the junction between vounog hill, Hayward road and Corwen readings getting worse during bad weather. As ou house is on that junction this affects us directly. Ee moved to the village becausenonits proximity to green space. Since weve moved in 4 years ago weve seen a high number of these spaces vanish. It isnt the village we fell in love with. Stop raping our countryside	I am happy to share this information with you for this petition	Submitted	25/02/2021 07:19	25/02/2021 07:19	25/02/2021 07:19
612		With the end of COVID finally on the horizon, I think a lot of people have seen the amount of things that we take for granted, e.g. being able to be with and around others without fear. If we are finally able to get back to our normal lives, and then not be able to experience the little things such as sledging during the winter or when presented with snow, this really would be disappointing. I have not lived in the village long, but can see how much this means to people, and to take this away would be a huge shame.	I am happy to share this information with you for this petition	Submitted	25/02/2021 06:42	25/02/2021 06:42	25/02/2021 06:42

610		Existing drainage in the area is barely adequate at best of times, and cannot fully cope with heavy rainfalls. Water supply pressure is adequate for present occupancies but may not be sufficient to supply extra demand..	I am happy to share this information with you for this petition	Submitted	25/02/2021 03:51	25/02/2021 03:51	25/02/2021 03:51
609		There is already a rise in antisocial behaviour due to a surge in new development. The amenities are also not being updated to accommodate new housing I.e. lights keep flickering, roads congested, no doctors surgery leading to long waits in Broughton, Buckley and Hope, concerns over school places etc. Have we not delivered our fair share of housing already? It seems like Penymynydd and Penyffordd seem to be really hard hit over the last 5 to 6 years. 562	The size of the village has expanded over the 20 yrs we have been here , surly there has got to be some green space left for people to take their children and especially to walk dogs as the green spaces we have are for children only eg play parks .	I am happy to share this information with you for this petition	Submitted	24/02/2021 19:06	24/02/2021 19:06	24/02/2021 19:06
561	Field is green belt land and is used for much needed farming.It also doubles up as a key community facility both for dog exercise (as allowed by the farmer) and during snow as a community sledging field . The village has had excessive developments over the 25 years I have lived here. Majority of which is high value housing not accessible to the younger members of the community who have grown up in the village and looking to get their first property . 525	[redacted]	I have lived in Penyffordd all my life. This field has always been used for the community. Since the last lot of houses have been built these fields have been flooded if you look now it's flooded at the bottom. This will only carry on and get worse with more houses. It's a No from me	I am happy to share this information with you for this petition	Submitted	24/02/2021 15:50	24/02/2021 15:50	24/02/2021 15:50
524	[redacted]	Having recently moved to the above address from Alyn drive opposite the site I feel that the villages have been over developed in recent years due to FCC's lack of a plan for the county. I personally have had my car vandalised in the village which was a really of antisocial bahaviour caused from the increase in the number of residents and the diminishing community spirt caused by over development. To then remove one of the remaining things the village does together is a disgrace. You already consented to planing on the pub beer garden	I am happy to share this information with you for this petition	Submitted	24/02/2021 15:47	24/02/2021 15:47	24/02/2021 15:47

515	The areas in question are used extensively for local recreation (not just sledging) and allowing construction on green field sites is the easy, lazy choice. There at least three brown sites in the village that could do with redevelopment before any green site are considered. 507	We already have our quota of new build houses in Penyffordd, and building more will just be a blot on the landscape. The schools in the area are full to capacity, and there are not enough shops or public physilities to support even more residents. The public transport has also been depleted. People who live in the village feel very strongly as I do, we don't want or need any more new houses in our village. 493	Whilst I understand the need for new housing, the area of Penyffordd has had much more than its fair share. % wise how many new dwellings in past 6-7 years. The land around vounog hill has been a great escape this past year and if built on would be lost forever..Everyday individuals, friends or families use that field for exercise and wellbeing.. Leave this green space alone, every village needs a local shop and community centre but they also need a relaxing outdoor area to visit and enjoy	I am happy to share this information with you for this petition	Submitted	04/02/2021 23:40	04/02/2021 23:40	04/02/2021 23:40

467	The Vounog Hill is beautiful landscape that is the heart of Penyffordd. It provides vital natural wildlife, public footpaths for all to enjoys and of course the renowned 'sledging hill' in the winter, which it has been known for centuries and provides many happy childhood memories for all. This site urgently needs protection due to unsustainable housing developments that have been built in recent years in the area, unfortunately it won't be long before this beautiful site is lost. This would be an environmental and social well being disaster for all the residents and the local communities around. The village also already suffers from unsustainable drainage issues and low water pressure caused by the over development of new houses causing the system being over whelmed. If the habitats of the Vounog Hill and surrounding fields were lost, I highly believe this would pose a huge potential flood risk to the whole village as the area also provides vital flood plains for the village and surrounding areas. 387		The village is already overpopulated, the drains flood during each heavy rainfall. The proposed new development will cover green open space and will ruin the village	I am happy to share this information with you for this petition	Submitted	27/01/2021 22:15	27/01/2021 22:15	27/01/2021 22:15
386		The village character will be lost if this land is built on. As a resident for over 50 years, I have never experienced the level of problems with flooding and sewerage, that have been experienced over the last 5 years. Each developer that has come to the village has promised to improve the infrastructure, but instead it just puts more stress on the amenities already here. There is not the communication links including public transport to support further development. This is agricultural land, which is still farmed and therefore contributing to the community.	I am happy to share this information with you for this petition	Submitted	27/01/2021 22:05	27/01/2021 22:05	27/01/2021 22:05
385		I feel that now more than ever people appreciate nearby open space. Many people only have the ability to walk a short distance to view beautiful open countryside, if this is stolen from us and all we see is a brick corridor, then the appeal of this village is lost. I understand the need for housing however the greed and blatant disregard for the community from the developers, taking advantage of the current relaxed planning regulation will have a massive detrimental on our countryside and our health, both mental and physical... 344	No more building in the village or it will become a town.	I am happy to share this information with you for this petition	Submitted	27/01/2021 15:43	27/01/2021 15:43	27/01/2021 15:43
343	Leave our village green space and sledging hill free from houses we have enough new builds within the village	I am happy to share this information with you for this petition	Submitted	27/01/2021 15:41	27/01/2021 15:41	27/01/2021 15:41
342	Having lived in Penyffordd for over 47 years. My Children have used this sledging hill for years while growing up and into their 20s . Now grown up with Grandchildren on the way we wish to continue using the Sladging hill Making many more happy memories, a valuable green space within our village. Over the last few years 6 developments have been built expanding our village to the maximum, as a village I feel we have reached the limit of expansion. NO MORE HOUSING IS NEEDED IN PENYFFORDD	I am happy to share this information with you for this petition	Submitted	27/01/2021 15:38	27/01/2021 15:38	27/01/2021 15:38

340	Having lived in the village all my life, I am against this new housing development for the following reasons ..... 1) This is the only piece of green land left in the village. 2) New houses have been built on every piece of land or scrap of land in the village. 3) A lovely new school has been built based on the level of growth due in the village, notwithstanding it is at capacity 4) The amount of traffic that races through the village doesn't treat us like a village. I have used the word VILLAGE in my above comments but I have to wonder and ask how long it will be called a VILLAGE if any more plans or housing development get planning permission????? 312	The green space this field has provided has been absolutely crucial to us as a family through the pandemic. Getting out of the house for a walk has been beneficial. The sledging down the hill in winter is great fun and allowed us all to forget other, less fun things going on for a short time. Growing up in the village it's always been great knowing if we get snow there is somewhere safe to go sledging within walking distance. The village has had so much development over the last few years with green spaces disappearing.		Submitted	27/01/2021 11:57	27/01/2021 11:57	27/01/2021 11:57
311	I was born and bred in Penyffordd. As my father, grandparents and great grandparents. I spent a happy childhood playing free and safely . 302		Our village identity needs safeguarding from further encroachment on our open countryside, which is the lungs of our community's health and sense of wellbeing. Without the protection of a green barrier we risk losing more of our identity as a village, which has been seen the loss of countryside over decades of rapid and controversial developments. Not preserving a green barrier risks undermining the integrity of the village and undermines government initiatives to tackle obesity and mental health problems at community level, through encouraging us to engage in outdoor exercise and activities that bring us close to nature. As this land is constantly used by our village population for vital recreation in an overcrowded settlement, it would be negligent to deprive us of it. Therefore we oppose further encroachment that besides the human cost, also harms the countryside and environment. For instance, it would reduce local wildlife, including our diminishing insect and bird populations, as well as reduce the flora we enjoy in the fields surrounding the village. It would also deprive us of seeing livestock in the fields and crop rotations that give us a sense of seasonal change in our rural landscape. The needs of people, wildlife and nature should be given the highest priority, which a green barrier would protect.	I am happy to share this information with you for this petition	Submitted	27/01/2021 11:10	27/01/2021 11:10	27/01/2021 11:10
301		It brings so much joy for the children and it has done for years. Please dont take this away		Submitted	27/01/2021 11:06	27/01/2021 11:06	27/01/2021 11:06
300		During the 50 plus years I have lived in the village we have seen an excessive number of new developments in the village. This I consider has been one cause of some local flooding during heavy rain. This I think is the result of natural run off being covered by buildings and concreted gardens. Enough is enough. Yes homes are needed but we have had more than our fair share.		Submitted	27/01/2021 10:53	27/01/2021 10:53	27/01/2021 10:53
299		My children love that field. We won't have much more green space to admire if building continues. Especially during lock down, when we are told to exercise, where are we meant to exercise if all our walking areas are built on? If I wanted to live in a built up area I would of moved to a city. Keep the field!	I am happy to share this information with you for this petition	Submitted	27/01/2021 10:41	27/01/2021 10:41	27/01/2021 10:41

277		There is far too much development in our village and this field is important for the community to exercise pets and children. It helps parents to look after families mental health at walking distance, especially during lock down and the covid pandemic.	I am happy to share this information with you for this petition	Submitted	27/01/2021 09:56	27/01/2021 09:56	27/01/2021 09:56
276		We do not need anymore houses we have enough there not enough amenities to cope with the overloaded of houses its meant to be a village	I am happy to share this information with you for this petition	Submitted	27/01/2021 09:52	27/01/2021 09:52	27/01/2021 09:52
275		Our village has had a significant amount of housing built within the last 10 years, and adding to this further is asking too much of an already overstretched area with regards to services and amenities, not to mention the loss of precious green land that everyone has used for years. Our drains can't cope with the downfalls of water, our schools are oversubscribed and I don't know how families can be asked to go to other high schools out of area when the areas that they are in are also seeing masses of houses being built too (Buckley and Hawarden), the doctors surgeries and dentists don't seem to have had any major increase in staffing levels. It's too much and it needs to stop.	I am happy to share this information with you for this petition	Submitted	27/01/2021 09:50	27/01/2021 09:50	27/01/2021 09:50

256	Having lived in this village for 40 years and observed the changes, the development, the housing estates, the growth in the number of children living here, not to mention the increasing number of adults who enjoy walking through the village as over the fields...I urge you to stop the campaign to build more houses on our sledging field and in our. Ullage full stop. Young and old- we need our green space. We need our fresh air and roaming walks, we need to show our children what wildlife looks like, what fresh air feels like, how to appreciate beautiful views of the Cheshire Plains. Surely this village has had its fair share??	I am happy to share this information with you for this petition	Submitted	27/01/2021 09:12	27/01/2021 09:12	27/01/2021 09:12
255	The hill is such a lovely place for sledging on a winters day . My family have enjoyed it uber the years and now they're grown up o would hate to think of all the new families that are now in the village not being able to share those same lovely memories. Also we have been hugely developed over the last 10years it would be nice to stop before we end up either as part of Buckley , or Chester. We have no doctor surgery here any more , no under 5 provision any longer and the drainage is completely out dated	I am happy to share this information with you for this petition	Submitted	27/01/2021 09:04	27/01/2021 09:04	27/01/2021 09:04
254	Generation's of children have enjoyed playing and sledging on the field, also a beautiful walk overlooking the village and surrounding area, the memories I have of the great times enjoyed I wish for the children now and in the future . 248	There has been enough development in the area and the hill is a very well used and appreciated part of the community. Please protect from any development	I am happy to share this information with you for this petition	Submitted	27/01/2021 08:57	27/01/2021 08:57	27/01/2021 08:57
247	As a village we have had a huge number of developments without any increase in facilities, we don't need any more houses.	I am happy to share this information with you for this petition	Submitted	27/01/2021 08:57	27/01/2021 08:57	27/01/2021 08:57
246	It feels like all our lovely fields are being built upon. This is the most treasured. I don't want to live in a village where my family and I have to drive else where to enjoy the countryside. It is such a shame how our village is increasing in size so rapidly. As teacher, I worry for how large the primary school classes are going to become also! Kind regards	I am happy to share this information with you for this petition	Submitted	27/01/2021 08:54	27/01/2021 08:54	27/01/2021 08:54

233	An invaluable green space within our village that has afforded countless generations of children a winter play field. Our village has seen unprecedented levels of development so with an increased population these areas become ever more important to have our green spaces. Please listen to those who live here and see how important this area is for our children - play, fun, health and well being so vitally important. The village does not need yet another large scale housing development but it does need to look carefully at the bigger picture and what is best for the village and residents and children of Penyffordd.	I am happy to share this information with you for this petition	Submitted	27/01/2021 08:23	27/01/2021 08:23	27/01/2021 08:23

222	The sledging hill (field) on vounog hill is such an important part of Penyffordd for families to spend quality time together having fun . It is an integral part of memories for generations of familys' of penyffordd and would be devastating to the community . This year has been especially important as part of our daily exercise. So lovely to see big smiles and here laughter from other people who were sticking to their own families. Its been a huge highlight in a very depressing winter . I cant imagine penyffordd without it . 218	The "sledging hill" isn't only used hen it snows, although this is hen it really comes into its own and especially during times when spirits needed to be lifted, butnit a popular walking route and is often seen being enjoyed my adults, children and dogs. What a shame to lose a valuable green space in a village that has already seen a huge amount of new dwellings being thrown up over the last 10 years. I live at the bottom of the hill and already we have an issue with flooding at the junction of Corwen road/county hill/hawarden road and it's only a matter if time before that creeps towards my own precious home. Please reconsider building on what feels like a very special area if the village. It ought to be protected and not built on. Please	I am happy to share this information with you for this petition	Submitted	27/01/2021 07:56	27/01/2021 07:56	27/01/2021 07:56

177		This is a beautiful landscape and would be awful if it was ruined. There are far too many houses in Penyffordd now already.. there are always problems with water in the village. This field is an amazing view and has been used as a sledging field for years.. the enjoyment of the view is an important part of the residential amenity. The loss of views from neighbouring property would decrease house value also.. I am extremely concerned if there would be a future development here as the 'village' is already very built up and I feel it can't cope with extra cars on the roads. These are already in very bad condition with pot holes. The drainage seems worse. It would be a travesty to build more houses on a beautiful landscape. Don't let them do it! 135	[redacted]	[redacted]	[redacted]	The footfall in our green spaces has increased massively, mainly due to the lockdown and this has highlighted just how important these spaces are for the health and wellbeing of our residents. Our village is renowned for its open spaces and we benefit from the semi rural location, should development be allowed to continue at this rate we will end up an appendage of Buckley, just another town. If the developers were that interested in the best for our village they would choose to develop a brownfield site, no green area should be lost to housing. For as long as there are brownfield sites in the county all greenfield sites should be off limits. The green fields surrounding our village act as a sponge and provide an element of protection against flooding. We all know how muddy that field gets, if its built on, all the surface water will run off and add to the ever increasing flooding in our village. It really is no coincidence that since the overdevelopment of the village started we have seen an increase in flooding year on year. Its an unfortunate fact that the authorities wont pay any attention until we start to incur property damage, but then its too late and unlikely to be reversed without huge investment, by that time the developers have long gone! Every time more homes get built in the village, the invisible line of division keeps moving. There was a time when all the children went to the same school, they all grew up together and lived in the same community. This line divides us and keeps moving, forcing children to undertake longer journeys to school further away instead of the local Castell Alun High School. This is the foundation of our village, this is why we all know each other and why we all care about subjects like this. This overdevelopment is tearing our community apart as the next generation of children who grow up wont know all the other children in the village and the community will split. Within a couple of generations the community cohesion will all have disappeared. This particular development will be built on a fairly elevated area, its on the top of the hill and the houses will tower over everything else in the surrounding area. This will look exaggerated when approaching from the village centre going up hill and will look completely out of place. One thing we have learnt having lived with these developers for some years now, is they don't respect our village at all. The roads surrounding the Chester Road development were a disgrace and I'm amazed nobody had an an accident there. The surrounding area, quite a wide radius gets littered with building waste and when reported they don't do anything. The developers are arrogant enough to offer cash for local groups and a park at every development and think that is compensation for our loss of green spaces. You only have to look at the disaster with the drainage at the Chester Road development, poor planning and yet approved by the Welsh Assembly. That field means more to the community, its one of the only spaces left to walk a dog, one of village walks is routed through it and I think every resident young and old have sledged on that field at some point. If the developers want to provide a service for the community, build affordable housing, not £400k+ 5 bed houses. We have an old primary school, now a brownfield site, 2 minutes walk away from this site. If we are that desperate for houses, build affordable houses on the old school site and we wont lose further green spaces. Instead of constantly having to fight to keep our village, why isn't someone placing some form of protection on our green spaces so they can't be built on in future.	I am happy to share this information with you for this petition	Submitted	26/01/2021 22:37	26/01/2021 22:37	26/01/2021 22:37
134				Human greed is killing this planet. For years this field has provided people enjoyment to walk amongst the fresh green grass and smell the beautiful country air. When we have snow it provides fun and excitement for children young and old that lasts a lifetime. Don't let this be another victim to human greed and line the pockets of a few to the detriment of many and many more yet to come. 84	[redacted]	Penyffordd has more than contributed to additional housing in Flintshire over the last 5 years or so. Leave the green belt land alone. The field in question is at the heart of the village it gives it its character. The drainage can't take anymore home that field helps sponge a lot of rain water without it the flooding in the village would be worse	I am happy to share this information with you for this petition	Submitted	26/01/2021 21:26	26/01/2021 21:26	26/01/2021 21:26

83	[redacted]	Please don't allow developers to build even more houses in our which is already full of new estates. Our sledging field is such a big part of our community and would be a huge loss if this development goes ahead	I am happy to share this information with you for this petition	Submitted	26/01/2021 21:26	26/01/2021 21:26	26/01/2021 21:26
82	[redacted]	Our village is struggling with flooding and bursting drainage as it is, there is just no sense in building more unwanted and unnecessary houses. Plus Penyffordd and it's residents deserves to keep some green space, for mental well being and health matters. The field is used as part of public pathways for walking which is well used, as well as becoming a sledging hill in the winter months. It is an integral part of Penyffordd which needs saving.	I am happy to share this information with you for this petition	Submitted	26/01/2021 21:24	26/01/2021 21:24	26/01/2021 21:24
81	[redacted]	It would be detrimental to the village to build on this land. Penyffordd has been grossly overdeveloped in recent years and the loss of 'sledging hill' would be immense.	I am happy to share this information with you for this petition	Submitted	26/01/2021 21:23	26/01/2021 21:23	26/01/2021 21:23
80	[redacted]	Wonderful open space used by generations	I am happy to share this information with you for this petition	Submitted	26/01/2021 21:23	26/01/2021 21:23	26/01/2021 21:23
79	[redacted]	Please, no more destruction of our open spaces.	I am happy to share this information with you for this petition	Submitted	26/01/2021 21:23	26/01/2021 21:23	26/01/2021 21:23
78	[redacted]	I've lived in the village all my life (49yrs) and we've always used that field to sledge on in the winter. It's a great way for a community to say hi and have fun and meet new friends. There's too many houses in this village as it is!!! No more please.	I am happy to share this information with you for this petition	Submitted	26/01/2021 21:22	26/01/2021 21:22	26/01/2021 21:22
77	[redacted]	This land is much needed in the village especially during these difficult times. The importance of open spaces for people to walk through and have recreational space is vital for their mental health. This land provides a place where families can gather but still keep to social distancing guidelines.	I am happy to share this information with you for this petition	Submitted	26/01/2021 21:22	26/01/2021 21:22	26/01/2021 21:22
76	[redacted]	I have lived in this village for 25years and have seen it grow dramatically, but with no extra amenities. We can not sustain anymore houses		Submitted	26/01/2021 21:22	26/01/2021 21:22	26/01/2021 21:22
75	[redacted]	The hill is iconic within the village as it has been used for sledging by village children for over 100 years. The impact of even more houses decimating this area would be huge, not least on the mental health of the community.	I am happy to share this information with you for this petition	Submitted	26/01/2021 21:21	26/01/2021 21:21	26/01/2021 21:21
74	[redacted]	Building on this land would completely change the dynamic of the village. It's a very important part of village life.	I am happy to share this information with you for this petition	Submitted	26/01/2021 21:21	26/01/2021 21:21	26/01/2021 21:21

70	[redacted]	The field is a clear village amenity as seen in recent weeks. I would also like to state that the village facilities cannot cope with anymore housing - drainage being an obvious example. If housing were ever approved on this field, it would be clearly in contempt of the opinion of the local community.	I am happy to share this information with you for this petition	Submitted	26/01/2021 21:18	26/01/2021 21:18	26/01/2021 21:18

65	[redacted]	Penyffordd has enough houses. With the recent rain we've seen how bad our drains are. I work in the local school and we are full to the brim. We have no buses coming through the village anymore. This will mean more cars on the road. I live by the sledging field and it's lovely to see green grass, if I wanted to live in a built up area I would of bought a house in a town, mind you Penyffordd is becoming to look like a town. If we want to go for a walk with our dogs, we can enjoy the beautiful countryside which is on our doorstep, take that away from us and we will have to use our cars, polluting the air just to go for a walk. Seeing families enjoying the snow this week on the sledging field says it all. No more houses please.		Submitted	26/01/2021 21:14	26/01/2021 21:14	26/01/2021 21:14

39			The infrastructure in the village really cannot sustain and further developments. The schools are over-subscribed, and the healthcare system is under pressure. The amount of flooding that has increased as the number of houses has increased. I appreciate that climate change plays a part in this, but not proportional to the level of climate change. The fields and outlook are what give Penyffordd it's character. The fields contain lovely footpaths and opportunities to spend time in nature and walking opportunities. These are essential for the community's mental health.	I am happy to share this information with you for this petition	Submitted	26/01/2021 20:49	26/01/2021 20:49	26/01/2021 20:49

25			These fields provide drainage which, if lost, would create even greater flood risks at the lowest point of the village. They provide vital habitats for overwintering migratory birds such as fieldfares and redwings along with summer breading lapwings. Residents include a healthy buzzard population, kestrels, goshawks, barn owls as well as supporting numerous garden birds and pipistrelle bats. Development would adversely affect wildlife and human populations.	I am happy to share this information with you for this petition	Submitted	26/01/2021 20:40	26/01/2021 20:40	26/01/2021 20:40

22	[redacted]	This land and sledging hill has been used by many generations, walking the footpaths and sledging in the winter. A recent photograph of sledging was shared on Facebook had 230 likes and 36 comments from local people who really appreciated this important facility and reminisced about past times on this land and sledging down this hill. The feeling from very many Penyffordd residents is that the village has been grossly over developed and we need a respite from future development. 14	[redacted]	Please protect this land from developers, I have lived in penyffordd since 1988, I have seen a lot of change but to lose this land I feel will be detrimental to everybody here in penyffordd. My family use the land for walks to support our mental health and well being.	I am happy to share this information with you for this petition	Submitted	26/01/2021 20:34	26/01/2021 20:34	26/01/2021 20:34
13	[redacted]	Please leave some green fields in Penyffordd so our children can enjoy what countless others have over the years	I am happy to share this information with you for this petition	Submitted	26/01/2021 20:34	26/01/2021 20:34	26/01/2021 20:34
12	[redacted]	The village has had a lot of development over the 17years that we have lived here. It's time to take stock and reassess whether there is a critical need for further residential development in the village or whether the need for natural, green open space is greater. As people's lifestyle has changed due to C-19 (& in many instances forever) and in the absence of funding to provide bespoke facilities to promote health and well being (physical & mental), there should now be a focus on the protection of the natural environment and landscape. This site is key to the latter.	I am happy to share this information with you for this petition	Submitted	26/01/2021 20:33	26/01/2021 20:33	26/01/2021 20:33
11	[redacted]	This field has been recognised by this villa He as our area of special interest. The land owners have always allowed the village families to come and sledge on this field. This had been going on for several generations. We all need open space and green fields for our well being. I feel that during this pandemic more people than ever are enjoying our green fields for our mental wellbeing.	I am happy to share this information with you for this petition	Submitted	26/01/2021 20:31	26/01/2021 20:31	26/01/2021 20:31
10	[redacted]	Definitely do not want a development on this field. It's such a lovely drive onto the estate being able to see access the field and see the view over the village and also so lovely for the children to play on when we do get snow. There are many walkers that go though the field and that's really nice to see people being able to use the countryside. It makes a lovely change than just walking on the path around the village.
