

LDP Flintshire 2015 to 2030

*Village Petition – Support for the Representation by Pen-y-ffordd Community Council*

Pen-y-ffordd has grown significantly under the ADDC local plan, the UDP and five further developments outside the UDP boundary prior to the adoption of the LDP. The impact that this has had on Community Cohesion and the loss of important farming and recreation land is irretrievable and the identified land needs long term protection in the planning framework.

Green barrier is the only appropriate protection to this land that provides an important winter amenity with the sledging field on Vounog Hill, and the country walks that are essential for the mental and physical health and wellbeing of the Community.

We, the undersigned, wish the Planning Inspector considering representations for Flintshires LDP, take account of the desire of the Community of Pen-y-ffordd to re-designate the land identified on the attached village plan as Green Barrier Land.
