ORDER 2026**

STATEMENT OF REASONS FOR TO MAKE ORDER

The Welsh Government has introduced a national default 20mph speed limit on all restricted roads within Wales on 17th September 2023.

Restricted roads are usually located in residential and built-up areas and have a system of street lighting. The Authority are reviewing all speed limits within the County, in relation to their suitability to the legislation and the roads within Nannerch form part of this.

Due to the length of roads contained within this proposed Traffic Regulation Order being in a peripheral area that supports dark sky preservation, no street lighting is present in some areas. Therefore, a 20mph Traffic Regulation Order, as these roads support the criteria for the suggested advertised speed limit

The Authority continues its responsibility to consider the provision of the convenient and safe movement of motor vehicles and other traffic, and the measures are aimed at ensuring that danger is minimised to road users as well as improving the amenities of the locality.

The reduction of the speed limit to 20 mph is considered necessary and appropriate due to the residential nature of the area and the presence of vulnerable road users. The road is directly adjacent to residential properties, resulting in regular pedestrian activity, including residents accessing homes, visitors, and service vehicles stopping and manoeuvring.

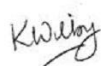

The route lacks a continuous footway, requiring pedestrians to share carriageway space with motor vehicles. This significantly increases risk, particularly for vulnerable users such as children, older people, people with disabilities, and those with mobility aids, prams, or pushchairs.

Vehicle speeds above 20 mph reduce driver reaction time and increase both the likelihood and severity of collisions. Lowering the speed limit will improve safety, reduce intimidation for pedestrians, and encourage safer sharing of the road environment where mixed use is unavoidable.

The 20-mph limit is therefore justified as a proportionate measure to improve road safety, reduce the risk of injury, and enhance the quality of life for residents, while supporting a safer environment for all users. Due to the nature of the road been narrow the terminal signs have been located in the first available location.

The detailed in the Public Notice and are contained in the Order.

Chief Officer (Streetscene and Transportation), Alltami Depot, Mold Road, Alltami, Mold.
