

## Workforce Development Communication Statement 2023-2024

Our stakeholders/partners are provided with information on all training courses across relevant qualifications, the All-Wales Induction Framework and those supporting continuous professional development.

This information is circulated by means of an annual training directory, (electronically) and via the Social Services Training database and Training Plan.

Additional training topics and further course dates are added throughout the year with information sent out via email as they become available. Applicants are notified of confirmation of their place(s) or when an application is unable to be approved.

The Directory and Training Plan are available on the Flintshire County Council website with details of all courses and how to apply, together with an external application form provided by [wdt@flintshire.gov.uk](mailto:wdt@flintshire.gov.uk)

All courses are free to all stakeholders in Flintshire. The Council reserves the right to charge for non-attendance as per our charging policy.

In line with the Public Information Strategy and the Welsh Language Act, we will endeavour at all times to meet the following principles surrounding public information and information published on the Flintshire website:

- In developing information leaflets about the services, we offer we are committed to the principles of plain language and accessibility of information. We will produce our public information bilingually (English & Welsh) where possible and in other languages and formats upon request, in line with corporate standards and accepted good practice.
- The Social Services web pages provide detailed information on our services and afford members of the public the opportunity to communicate with our services online. We also provide links to signpost to other useful online resources and partner websites.
- We will also use social media to promote new public information where appropriate.

The Workforce Development Team attend regular Provider meetings to discuss available staff training and developmental opportunities, identify gaps and issues in current arrangements to resolve them where possible and to identify and respond to emerging training needs across the service.

The following attend Provider meetings:
